What do you think the job of the Associate Principal for DISES or Associate Principal/AD for DISHS (please circle one) should be moving forward?

What worries and fears do you have about the future of our school (please specify school)?

What qualities are you seeking in our new leaders (please specify school)?

Why do you think someone would want to come here to be an administrator in CSD 13?

What experience do you think is critical for the new administrator to be successful here (please specify school)?
